*Crystal Williams & Shawn Maguire
New Martinsville, West Virginia 26155
Join Coastal Community in October 2005 &
Celebrate 5 Years of Multiple Six Figures
With Coastal Travel*

Crystal Williams and Shawn Maguire are mostly respected and known as Entrepreneurs, Success Coaches and Business Developers. Shawn started his career in the U.S. Navy Military where he spent 10 years living in Japan, serving on the U.S.S. Independence. He was responsible for training new recruits; getting them strong and fit in a short period of time on the flight deck.

After leaving the Military and Japan, Shawn met Crystal when she was hosting conference calls for a major network marketing company in Dallas Texas. Crystal had been in 16 other businesses over the last 10 years so she was not new to networking at all.

Crystal & Shawn joined forces and together have become one of the home business arena's most unstoppable forces. They personally enrolled hundreds of members in their last network marketing business and were making a multiple six figure income yearly when Coastal entered their lives.

The couple started their Coastal business in 2005. Their first month of plugging into the simple system in place, they saw a profit of \$8000 that came in their very first month. It didn't take them long to realize what type of business they had in their hands.

After six months they passed \$100,000 and over \$200,000 that very first year.

They became Gold Seal Award directors as part of the Worldwide Official Board of Directors Leadership Council of Coastal. Since then, they teamed up with DFI Coastal Travel, a direct marketing system that is proven for their high standard of ethics, honesty and ability to grow their business even further with worldwide Success Coach and Trainer Dani Johnson. (www.danijohnson.com)

At DFI Coastal Travel, everyone plugs into the same system and is coached and trained to success with their success tools, coaching and training, advertising partners, proven system and track record.

DFI Coastal Travel was excited to add Shawn and Crystal to their business team. Shawn and Crystal have had months of over \$25,000 consistently and in one week made \$40,000 profit. They are rated "Number One Income Earners and Trainers" in this amazing business opportunity and it all happened by making a simple decision to simply plug in and "Get Started" as well as helping those that decide to change the quality of their lives by plugging into the same easy system that they use to get their results....And They Can Help You Too!!

When you combine entrepreneurs such as Crystal, Shawn, and the entire Coastal Travel DFI team that have reached major success in a business opportunity in today's society you have to ask yourself... "Why wouldn't you want to be a part of such a great team that can actually help you achieve your goals physically and financially?"

There are a lot of business opportunities out there now days all claiming to be the number one business. Some of them create negative information about their competitors, even slandering them so that nobody will join their opportunity. This is true just about everywhere but it is very unethical as well. "If you look long enough and hard enough you will find just about anything and everything you want on the internet"... Crystal said. Good and Bad.

The point is.....Do your research on your own. **You will find that DFI Coastal Travel does create the income it states and that you will never want to do anything else once you experience it for yourself.**

There is a lot of money to be made here. There have been many millionaire businesses over the last 16 years that have produced fortunes for a lot of individuals, mainly because of 2 things....."**Timing and Positioning**" Well we are in that position right now with our business. The travel industry is an 8 Trillion Dollar Industry and according to recent research just completed our Industry is expected to double for the next nine years, in spite of the current global economic slowdown.

People are getting laid off, losing their jobs and our team here with DFI Coastal travel is growing stronger daily because we CAN OFFER a business where they can make profits of \$1000, \$3,200 and \$9,705. Allowing the average person to not rely on a JOB to make ends meet.

Our DFI teams' goal is to help our current team members who decide to get started gain strength, endurance, improve their overall financial bottom line with a system that is second to none while providing them a vehicle to earn a very lucrative income. Their program has been very effective, and continues to be a part of the team's routine and success to this day. The team is looking to pursue & train individual clients that are determined to make a life change.

Crystal Quoted...."With the help of our 5 Star Multi Six Figure Income DFI Directors and our team here at DFI that we are a part of that is building so rapidly... we are definitely making a positive difference in people's lives and I see hundreds upon hundreds of people's future changing!..

(For more information on what it takes to change your situation and be a part of Our Team that is creating financial security in their lives with DFI Coastal Travel.)
