

Using Your Package

When you become a member of Coastal Travel, you also become a member of several other companies as well. The purpose of the Coastal membership is to educate people on how to travel for wholesale, and give them all the option and resources they will need to get the very best prices. It is very important that you follow the instructions on the back of each membership card to get any applicable discounts.

There are both **Contract** numbers and **Resource** numbers on the back of some of these cards. A Contract number is a company that we have negotiated a special rate for Coastal clients, and you will need to give them the code or number on the card to get that discount. Resource numbers are simply other companies we have come across that offer good deals to the general public and they work with thousands of companies, not just Coastal. The Resource numbers are just there to give you a price reference and help you get more quotes to compare, but offer no additional discount to Coastal members. They often don't even know who we are, since they work with so many other clients. So please pay careful attention to the instructions on the back of the cards, and be sure to educate your retail clients about this as well, to avoid any confusion.

Here are the different ways you can use your Coastal Membership cards, as well as how to contact them in parenthesis:

Booking Condos:

- Condo Resorts – Last minute condo inventory (call & online)
- Quest – Last Minute Condo Inventory. (call & use Quest ID#)
